Date 20-10-41
No 561

The Honble Mr H B Gundappa Gowda B A, B L
Minister for Local Self-Government &
Public Health,
Old Public Offices,
Bangalore

Dear Sir,

I represent to you that I had accorded to me this afternoon the Bangalore City Municipality have served a Lawyer of the West End Hotel with a notice, which requires the construction of certain works on the premises of the Hotel for the disposal of the sewage effluent from the existing septic tank on the demolition or closing of the existing septic tank.

The reason for this demand is stated to be as follows:-

"The sewage effluent from the septic tank is liable to overflow into the adjacent storm water channel to the east of the Hotel as a result of which the compound is rendered insanitary to the neighbouring premises."

The demand for sewage works is difficult to understand as in a letter to me dated 21st March, the Municipality themselves in a letter to the Secretary, City Improvements, Bangalore, expressly stated that the effluent discharged on the "too large a quantity to cause any satisfactorily insanitary

The position today as regards the effluent is altered. It would appear therefore that the only satisfactory method of dealing with the trouble would be the provision of a new drainage

The Municipality, whilst refusing to carry out the Bangalore are prepared to lay a new drain from the other cost of the same to the Municipality

For the reasons stated above I am unable to accept this demand

ACA/2.

[illegible] the cost of drainage, [illegible] I stated the drainage [illegible] ultimately benefit the [illegible] neighbourhood more particularly, the four Government premises, Dunara Park, Dacre [illegible], Tara [illegible] and Baleburi, all of which are in the vicinity.

It is, I am to state, universally recognised that the disposal and removal of sewage is the responsibility of the Municipality and it is felt, therefore, by my Directors that the cost should be borne either by Government or the Municipality.

As I stated this Company has in the past been given provisions by Government, of underground water-borne drainage and it was on the basis of these provisions that my Company proceeded with modernising the sanitation of the Hotel and in making the Hotel a first class Hotel and one worthy of the City.

I feel certain that you will find that Government have in very recent years provided in their Drainage Schemes for the laying of a sewer in the locality.

I am indeed grateful to you for your undertaking to look into the whole matter and may I express the hope that during the next few days Government or the Municipality will arrange for the sewer to be laid and that the entire cost will be borne by the

I have the honour,

Re Providing underground drainage in Lumara Park extension, Bangalore - Estimate for Rs 11,475

With reference to your letter No L 788/41 dated 22nd July 1942 enquiring whether the construction of the underground drainage from the premises of the West End Hotel, Bangalore has been included in the above estimate, I have the honor to reply in the negative and to state that the work of providing underground sewer line for the High Ground area and for the West End Hotel is separate, for which an estimate amounting to Rs 10,000/- has already been sanctioned by Government along with the comprehensive scheme for the drainage of Bangalore City This work is in progress and is nearing completion

The estimate for Rs 11,475/- is for providing underground drainage to the building sites formed in the Lumara Park area by the Buildings Division and sold to the Public by auction

I request you to be so good as to obtain and convey sanction of Government to the estimate for Rs 11,475/-

I have the honour to be,
